The Treka Everyday. A lightweight everyday minibus for everybody, everywhere.

Built on the success of our market-leading range of passenger-carrying vehicles, the Everyday Minibus offers all the exceptional quality you expect from Treka— at a price that's accessible for all. Experience unmatched reliability and performance without compromise.

With space for up to 14 passengers in the saloon or four wheelchair positions, the Everyday is designed to suit a wide range of customers including educational institutions, sports and social clubs, charities, healthcare providers, local authorities, and leasing and rental businesses.

The Everyday is available on a choice of base vehicles including Ford Transit, Maxus Deliver and Renault. Starting at just 3.5t, the Everyday is our lightest ever production vehicle and can be driven on a standard driving license.

Built with care and attention, using high quality components and accessories from leading manufacturers, the Everyday is unmistakably Treka.

Just like every vehicle that we deliver, the Everyday carries an industry leading 7-year conversion warranty, backed up by our outstanding customer service team. All of which delivers whole life comfort for passengers and whole life value for operators.

TREKA EVERYDAY

COMFORT AND QUALITY AS STANDARD

WIPE CLEAN INTERIOR

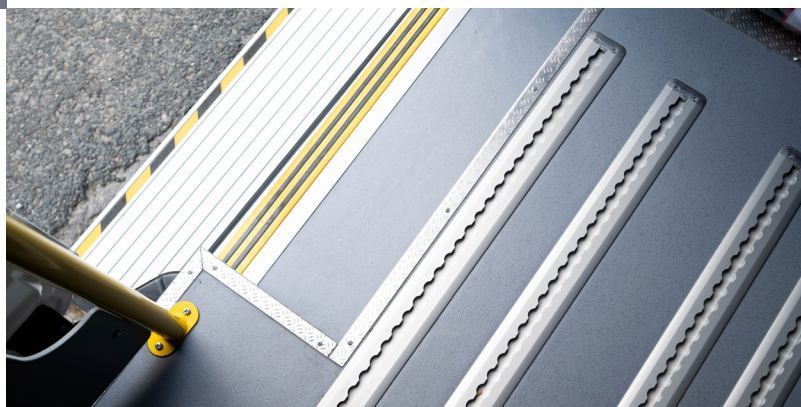

Full Moulded ABS Interior

The bright and airy interior of our PTS conversion is made out of fully moulded ABS. A moulded design means a minimal number of panels making the vehicle even easier to clean.

PASSENGER ENTRY

Side door with manual or electric step

A side-loading door combined with either a manual or fully electric step creates an entry way that provides easy entry to and exit from the vehicle.

	M1	M2
Base Vehicle	Maxus Deliver/eDeliver, Ford Transit/eTransit/Renault	
GVM (kgs)	3500	4250
