Coachbuilt in the UK

The ultimate coachbuilt minibus, the ideal blend of comfort and space

Coachbuilt minibuses have been at the core of Treka for many years, and during that time we've been constantly refining our design in order to produce the Mobility+ minibus of today.

The heritage and history of the Mobility+ has resulted in a vehicle that is packed with features for drivers and passengers alike. Comfort and dignity for passengers is built into the Mobility+.

With space for up to 16 passengers or six wheelchair positions, the Mobility+ is the ideal coachbuilt vehicle for healthcare providers, local authorities, and leasing and rental businesses.

The Mobility+ is available in both medium wheelbase and long wheelbase configurations on the popular Mercedes Sprinter. Built with care and attention, using high quality components and accessories from leading manufacturers, the Mobility+ is unmistakably Treka.

Just like every vehicle we deliver, the Mobility+ carries an industry leading 7-year warranty, backed up by our outstanding customer service.

All of which delivers whole life comfort for passengers and whole life value for operators.

TREKA MOBILITY+

COMFORT AND SAFETY AS STANDARD

WIPE CLEAN INTERIOR

Full Moulded GRP Interior

The bright and airy interior of our Mobility+ model is made at our dedicated GRP production facility. A moulded design means a minimal number of panels making the vehicle even easier to keep clean.

CONCEALED FOLD OUT STEP

Flexible Passenger Entry

Our concealed fold out side step allows maximum flexibility in passenger entry.

The Mobility + is built by hand in an environment where quality comes first. We trust the knowledge and experience of our team and we only work with the best supply partners, which is why the Mobility + comes with our famous 7-year warranty.

To find out more about the Treka Mobility+ including booking a tour of our production facility, **get in touch today.**
